Young Cancer Nurses*

Nightingale Challenge 2020

Webinar Series

#EONSNightingaleChallenge2020

Young cancer nurses face a variety of personal and professional challenges that are unique to their generation, as a result of changing political and economic environments globally. The European Oncology Nursing Society Young Cancer Nurses Network aims to bring together young cancer nurses from across Europe to identify the common and unique challenges faced by this group.

The EONS Young Cancer Nursing Study has highlighted specific issues young cancer nurses experienced in Europe relating to training, education and mentorship. In response to the issues identified in the EONS Young Cancer Nursing Study, the Young Cancer Nurses' Network Nightingale Challenge will provide young cancer nurses with an opportunity to engage in a series of educational webinars which provide information about personal and professional development in cancer nursing.

We welcome you to join us for our Nightingale Webinar Series; you may register to attend as many or as few webinars as you wish. While the webinars are designed to respond to the identified needs of young cancer nurses, *the webinar series is open to nurses of any age or career stage.*

Registration:

Register now for the EONS Young Cancer Nurse Nightingale Webinar Series using the webinar links on the next page or via: <https://cancernurse.eu/nightingale-challenge/>.

Recordings of each session are available on demand after the session date via the EONS Website: <https://cancernurse.eu/nightingale-challenge/>.
