

## EXAMPLE EONS APPLICATION FORM -PROGRAMME of STUDY

DETAILS OF PERSON MAKING THE APPLICATION	
First name of person making application	Valeria
Second name of person making application	Moffatt
Role/job title of person making application	Senior Lecturer
Email address of person making the application	v.moffatt@.....
Telephone number of person making the application	+44.....
DETAILS OF APPLYING ORGANISATION	
Name of applying Organisation	Barcelli University
Email address of the applying organisation (if different to the above)	Same as above
Telephone number of the applying organisation (if different to the above)	Same as above
Postal address of the applying organisation	
Street address	
Town/City	
Postal/zip code	
Country	

ABOUT THE EDUCATION EVENT	
Title	Master of Science (MSc) in Cancer Care
Target audience of your event (e.g. nurses, multiprofessional)	Nurses and allied health professionals
Brief description of the event	Masters programme in cancer care
Is this a study day/short course or a module/programme of study?	Programme of study
Aim (overall goal/purpose)	To offer a coherent programme of study which supports health care professionals in delivering holistic evidence-based cancer care for people with diverse needs in a range of settings.
Outcomes (There should be 2-5 depending on the size of the programme)	<ol style="list-style-type: none"> <li>1. To promote a critical understanding of the multidimensional impact of cancer and its treatments on those affected by the disease.</li> <li>2. To promote a deep understanding and critical application of therapeutic approaches and skills in order to improve the experience of those affected by cancer, from pre-diagnosis through to remission and/or palliative care.</li> </ol>

	<ol style="list-style-type: none"> <li>3. To promote critical application of the knowledge and skills required to analyse information and research-based findings that enhance clinical practice, in order to develop the students' skills and confidence and advance practice in cancer care.</li> <li>4. To promote health care professionals' awareness of the scope and boundaries of their own professional practice and to empower them to contribute to collaborative multi-professional team (MPT) working</li> </ol>
<p>Please refer to the EONs Cancer Nursing Framework modules listed below. Which learning outcomes detailed in the Framework does this event address? (click on link below for modules and associated learning outcomes)</p> <p><a href="https://cancernurse.eu/education/cancer-nursing-education-framework/">https://cancernurse.eu/education/cancer-nursing-education-framework/</a></p>	
<b>Module 1</b> Risk Reduction, Early Detection and Health Promotion in Cancer Care 1,2,3,4,5,6	All
<b>Module 2</b> Cancer Pathophysiology and the Principles of Treatment Decision Making 1,2,3,4	All
<b>Module 3</b> Cancer Treatment, Patient and Occupational Safety 1,2,3,4,5	All
<b>Module 4</b> Supporting People Living With, Through and Beyond Cancer 1,2,3,4,5,6	All
<b>Module 5</b> Supporting People with Advanced Disease and at End of Life 1,2,3,4,5,6	All
<b>Module 6</b> Communication in Cancer Care 1,2,3,4,5	All
List the proposed speakers or educational contributors for your event/learning activity and briefly describe their qualifications/expertise	Range of subject experts and academic staff
Please state the estimated number of participants	30 per cohort
Please state the registration fees (if any)	£5000

Provide a brief description of the evaluation process (Max 150 words)	Module and programme evaluation of content, level, assessment and learning resources. Reported through the University quality processes
Is the event sponsored by industry? If yes, by which company?	No
Describe course credit points (and credit scheme) or contact hours if applicable	180 credits at level 7
Please attach a copy of the education programme (If in English) or a brief translation by clicking on the 'Browse' button below. NB If you applying for endorsement against the whole EONS Cancer Nursing Framework, ensure that the EONS Framework outcomes are mapped against the programme/module outcomes	<p>Programme specification attached</p> <p>e.g. Programme outcome 'To promote a critical understanding of the multidimensional impact of cancer and its treatments on those affected by the disease.' Maps against EONS Framework learning outcomes Module 2 (Outcomes 1-4). Module 3 (Outcomes 1-5)</p>
Will this module/programme be delivered more than once and if so, how often? (Yes/No)	<p>Yes</p> <p>Two intakes per year</p>
Does this module/programme form academic study within a University?	Yes
I confirm that I wish to submit this application to EONS and that all of this information is complete and accurate	<i>V Moffatt</i>
