

CANCER NURSING: TOWARDS A NEW ERA IN CANCER CARE

EONS14 CONFERENCE AT ESMO 2021 CONGRESS

Wednesday, September 22, 2021

TIME	Channel 1		Channel 2		Channel 3	
	TOPIC		TOPIC		TOPIC	
10:30 12:00	SYMPOSIUM Cancer-related cachexia: From perceptions to management <i>(Supported by Baxter)</i>		SYMPOSIUM Car-T cell therapy and management <i>(Supported by Bristol Myers Squibb)</i>		SYMPOSIUM Utilizing technological solutions for cancer care: The cases of E-health and Apps <i>(Supported by Roche)</i>	
	Introduction	CHAIR: Sara Torcato Pereira, PT	Introduction	CHAIR: Johan de Munter, BE	Introduction	CHAIR: Andreas Charalambous, CY
	Presentation by the Spanish Society of Oncology Nurses who is coordinating a large cohort study looking into the prevalence of malnutrition of patients on new biological therapies	Julio de la Torre, ES	Experience with CART in pediatric population	Cristina Llanos Principe, ES	Challenges and opportunities provided by the technological solutions for cancer care	Manuela Eicher, CH
	A survey in two European countries on the knowledge of nurses on cachexia-anorexia syndrome	Ioanna Tsatsou, GR	CAR T Cells: The transition from study medication to routine treatment - Considerations for high quality nursing care	Martina Spalt, AT	Utilising the mobile App – PROLEPIS in the preventive context of breast cancer	Theologia Tsitsi, CY
	Preliminary findings from a RCT on the management of cancer-related cachexia through a multiprofessional nurse-led approach	Constantina Cloconi, CY	Advanced therapy medicinal products (ATMP) training needs	Michelle Kenyon, UK	Utilizing technology to manage symptoms	Corina van den Hurk, NL
	Q&A Discussion & Conclusions	Chair / All	Q&A Discussion & Conclusions	Chair / All	Q&A Discussion & Conclusions	Chair / All
BREAK						
	CHANNEL 1		CHANNEL 2		CHANNEL 3	
	TOPIC	SPEAKER	TOPIC	SPEAKER	TOPIC	SPEAKER
13:00 14:20	OPENING SESSION CHAIR: Johan de Munter, BE		EDUCATIONAL SESSION: Digital innovations in health CHAIR: Andress Charalambous, CY		EDUCATIONAL SESSION: Palliative and end of life care CHAIR: Wendy Oldenmenger, NL	
	Welcome by EONS	Johan de Munter, BE	How virtual reality can facilitate the navigation of patients through active treatment: findings from a crossover controlled trial	Androniki Ioannu, CY	Palliative care in the time of Coronavirus	Bettina Korn, IE
	Welcome by French Oncology Nursing Society	Pascale Dielenseger, FR	Results of eSMART project: A European multicenter randomized controlled trial, using real time remote symptom monitoring of patients with cancer receiving chemotherapy	Roma Maguire, UK	Implementing indicators for non-specialist palliative care	Mary Nevin, IE
	From theory to implementation: The EU Beating Cancer Plan in motion	Stella Kyriakides EC Commissioner	Development of an ePRO based model of care for patients treated with immune-checkpoint inhibitors	André da Silva Lopes, CH	Early / integrative palliative care in context of haematological malignancies	Gaëlle Vanbutsel, BE
	Promoting patient and public involvement in cancer nursing research	Theresa Wiseman, UK	Remote monitoring by Nurses Navigators (NNs): from experimentation to optimisation of routine practices <i>(Professed Paper)</i>	Adeline Dufrot Boukobza, FR	Haemato-oncology patient experience of the process of palliative care: A constructivist grounded theory study <i>(Professed Paper)</i>	Karen Campbell, UK
	Awards session (Lifetime achievement & RECaN Awards)	Johan de Munter, BE	ROPRO - Real World Data Prognostic Score - a novel tool to assess patients performance status <i>(Professed Paper)</i>	Jayesh Desai, AU	Do patients with advanced Lung Cancer have more palliative care needs than patients with severe Chronic Obstructive Pulmonary Disease (COPD)? <i>(Professed Paper)</i>	Georgia Ntavarinou, GR
	Q&A discussion	Chair / All	Q&A discussion	Chair / All	Q&A discussion	Chair / All
BREAK						
14:40 16:00	EDUCATIONAL SESSION: Patient and occupational safety CHAIR: Johan de Munter, BE		EDUCATIONAL SESSION: Health promotion, prevention and screening CHAIR: Eugenia Trigos Valencia, ES		COLLABORATIVE SESSION EONS-ECPC: SARS-CoV-2 and cancer CHAIR: Amanda Drury, IE	
	Occupational Safety and Health Agency (EU OSHA): Actions in Europe to support healthcare workers	Elke Schneider, ES	Coalition of Nurses and Healthcare Professionals against Tobacco and Nicotine	Christa Rustler, DE	EONS RWG: Patients experiences during COVID-19	Manuela Eicher, CH
	Overview of occupational safety legislation for Europe (ESOP)	Mirjam Crul, NL	Introducing a new scale for the routine assessment of sialadenitis in the radioiodine treatment context	Andri Christou, CY	Delays in screening and diagnosis of cancer during COVID: What can we expect for the next years?	Urska Kosir, UK Youth Cance Europe
	French cancer nurses experience of occupational safety	Pascale Dielenseger, FR	Nurse-led clinics and screening by cancer nurses (i.e. hereditary breast cancer)	Mandy van Rosmalen, NL	Cancer care in COVID from a patient perspective	Alina Comanescu, RO ECPC
	EONS Cancer Nursing Index	Lena Sharp, SE	Cancer screening & detection with dogs	Isabelle Fromantin, FR	Maintaining intravenous anti-cancer systemic therapy during COVID: Pharmacy and nursing factors <i>(Professed Paper)</i>	Richard O'Dwyer, IE
	Occupational safety of oncology nurses handling systemic anti-cancer therapies in Germany <i>(Professed Paper)</i>	Matthias Naegele, CH	Impact of a surgical ward breakfast buffet on nutritional intake in postoperative (oncological) patients <i>(Professed Paper)</i>	Selma Musters, NL	Exploring cancer patients and survivors' experiences of cancer care in COVID-19: A longitudinal qualitative study <i>(Professed Paper)</i>	Maura Dowling, IE
	Q&A discussion	Chair / All	Q&A discussion	Chair / All	Q&A discussion	Chair / All
BREAK						
16:20 17:40	COLLABORATIVE SESSION EONS: Professional issues in cancer nursing CHAIR: Merel van Klintken, NL		COLLABORATIVE SESSION EONS-MAASC: Supportive care and symptom management CHAIR: Virpi Sulosaari, FI			
	How to become a clinical cancer nurse leader	Jane Ewang, UK	Capecitabine & Hand-Foot Syndrome: Results of a Retrospective Study in Patients Treated for Metastatic Breast Cancer from 2008 to 2018	Hedi Chabanol, FR		
	Standout cancer nurse leaders: What's in the research?	Anna Theodorou, GR	Biomarkers usage for prediction of symptom clusters in patients with colorectal cancer following chemotherapy	Elen Fytrou, GR		
	Inspirational cancer nurse leaders mentor and being mentored	Celia Diaz de los Rios de la Serna, ES	Managing neuropathy in the oncology setting	Judy Phillips, USA (MAASC)		
	Promoting leadership among young cancer nurses	Nikolina Dodek, HR	A qualitative study of patient and clinician experiences of providing care, information and support for chemotherapy-induced peripheral neuropathy <i>(Professed Paper)</i>	Mary Anne Tanay, UK		
	Promoting Young Cancer Nurses into the future - panel discussion	Lena Sharp, SE, Johan de Munter, BE, Amanda Drury, IE, Nikolina Dodek, HR, Bethany Maynard, UK, Michaela Popelková, CZ	A rapid review of patient reported outcomes for patients with renal cell cancer or hepatocellular cancer on treatment with targeted therapies <i>(Professed Paper)</i>	Celia Diaz de los Rios de la Serna, BE		
	Q&A discussion	Chair / All	Q&A discussion	Chair / All		
BREAK						
18:00 18:25	CLOSING SESSION: Future of cancer nursing CHAIR: Virpi Sulosaari, FI					
	A vision for the future of cancer nursing	Johan de Munter, BE				
	An exploratory qualitative study to describe the experience of using a Question Prompt List for patients in Early Phase Clinical Trials <i>(Novice Research Dissemination Award #1)</i>	Mary van Zyl, UK				
	Describing self-care behaviours in cancer patients taking oral anticancer agents <i>(Novice Research Dissemination Award #2)</i>	Marco Di Nitto, IT				
	Q&A discussion	Chair / All				
	Farewell					
BREAK						
18:45 20:15	SYMPOSIUM Living with Advanced Breast Cancer – What nurses need to know <i>(Supported by Eli Lilly & Novartis)</i>		SYMPOSIUM The role of cancer nurses in multi-professional teams on the digital information highway <i>(Supported by Eli Lilly)</i>		SYMPOSIUM The role of cancer nurses in preparing patients for life after cancer or living with cancer (medical, social and economic) <i>(Supported by AstraZeneca & MSD)</i>	
	Introduction	CHAIR: Theresa Wiseman, UK	Introduction	CHAIR: Greg Kontronoulas, UK	Introduction: Understanding unmet needs experienced by cancer survivors across the lifespan	CHAIR: Nikolina Dodek, HR
	Testimonies by ABC patients	Eva Schumacher-Wulf, DE Inci Gultekin, TR Ayse Kutbay, TR	The digital information highway in cancer care – Do we need a roadmap?	Emma Ream, UK	Nurse led Survivorship care in elderly after cancer	Paz Fernandez Ortega, ES
	Discussion	All	Integrating technology, big data and artificial intelligence to predict frailty and promote quality of life in older patients with cancer at follow-up: The LifeChamps project	Greg Kontronoulas, UK	Nurse led Survivorship care in Adolescents & Young adults: supporting the transition to adulthood	Louise Soanes, UK
	Breast cancer nursing education in Europe (gaps)	Amanda Drury, IE	Implementing digital health innovations into cancer clinical practice: key challenges	Jo Armes, UK	Survivorship care plan & long term follow up (related to the survivorship passport in EU Cancer Plan)	Ken Mastris ECPC President
	Q&A Discussion & Conclusions	Chair / All	Q&A Discussion & Conclusions	Chair / All	Q&A Discussion & Conclusions	Chair / All
