

Leadership Forum – Programme UPDATE

Forum on 40 years of EONS Cancer Nursing Leadership

Wednesday 15.5.2024 - 9:00-16:00 (Finnish time)

At the [Turku UAS](#), in Finland

Attendance - LIVE or Online (Hybrid) - Registration required

EONS aims to empower nursing-driven leadership to implement multidisciplinary service across the cancer care continuum and lead efforts addressing existing disparities in cancer nursing communities at all levels by influencing policy. Furthermore, EONS strives for a culture of wellness and safety in the work environments of cancer nurses.

EONS brings together clinicians, academics, policy makers and patient advocates to advance evidence-based cancer nursing and the care of people affected by cancer, and to empower and enable cancer nurses to practice safely and to the full extent of their expertise.

Aim of the event:

- Raise awareness on importance of cancer nursing leadership.
- Provide perspectives on leadership strategies with emphasis on teamwork, adaptability, and well-being at work.
- Discuss innovative approaches on clinical and cancer nursing leadership.
- Provide examples on clinical leadership in provision of person-centered cancer care.
- Every cancer nurse is a leader: perspectives on clinical nursing leadership.

Target groups: Clinical nurses, nurse managers and cancer nursing directors, educators, stakeholders, and policy makers.

Fees: Registration deadline for both online and in-person attendance is April 30th, 2024. Please ensure you complete your registration and payment before this date to secure your place at the forum.

Leadership Summit Fee: **180 EURO** (all day)
