Brought to you by European  
Oncology Nursing Society (EONS)

### Introducing the 2024 Making an Impact in Cancer Nursing Award

In the relentless pursuit of excellence in cancer care, EONS is excited to announce the launch of the "2024 Making an Impact in Cancer Nursing Award." This prestigious award aims to spotlight the unsung heroes of cancer care – the dedicated individuals and teams working tirelessly in clinical settings, shaping the future of cancer nursing through their innovative initiatives.

### Criteria for Nomination:

We invite nominations for outstanding cancer nurses or cancer nursing teams that have exhibited extraordinary dedication and creativity in their commitment to enhancing the care of individuals affected by cancer. Nominees must be actively working in a clinical cancer care setting to be eligible.

### Key Focus Areas:

The award seeks to recognise initiatives that have substantially and positively impacted patient care, improved the quality of care, advanced nursing practices, or contributed to a healthier and more supportive working environment for nursing staff. These initiatives may include projects that have significantly improved patient outcomes, fostered professional development among nursing staff, or introduced innovative practices that elevate the standards of cancer nursing.

**Why Nominate?**

By nominating an individual or team, you acknowledge their outstanding contributions and play a vital role in sharing best practices within the cancer nursing community. The award serves as a platform to inspire others, fostering a culture of continuous improvement and innovation in cancer care.

**Submission Process:**

The nomination form is available [here](#), and we encourage healthcare professionals in cancer care to put forth deserving candidates for this esteemed recognition. The deadline for submissions is **5th of May, 2024**.

**Join us in Celebrating Excellence:**

The 2024 Making an Impact in Cancer Nursing Award is more than just an accolade – it's a celebration of the compassionate and forward-thinking individuals and teams transforming the landscape of cancer nursing.
