About ECND24:

The European Cancer Nursing Day (ECND) 2024 is an opportunity for cancer nurses across Europe to showcase their creative contributions to cancer nursing. This year's theme, "From Knowledge to Action: Shaping the future of cancer nursing," encourages participants to share how they actively shape the landscape of cancer nursing in their workplaces.

Competition Details:

Open to all registered cancer nurses in Europe, the ECND24 competition invites individuals and teams to demonstrate how they are making a difference. Entrants are encouraged to submit a short movie (45 seconds to 1 minute in MP4 format) or a photo montage (up to 10 images in a PDF), accompanied by a brief description (maximum 300 words) of their innovative work and its positive impact.

Guidelines:

This year's competition builds upon the previous edition, focusing on how participants introduce new ideas, methods, technologies, or ways of involving the public or patients in cancer nursing. Entrants are encouraged to highlight their use of knowledge, recent research, leadership roles, and advocacy for change within their multi-professional teams.

How to Enter:

Submit your entry via the provided [form](#) by midnight on May 05, 2024. Entries should be in English, and consent from all individuals featured in photos or videos is required for sharing on EONS platforms.

Prizes:

The winning individual or team will receive free registration to attend the EONS17 conference in Barcelona from September 14-16, 2024. Winners must also present a one-slide PPT presentation of their winning innovation at the conference and receive the ECND24 trophy. The winning video/slides will be featured on the [ECND24 web page](#) and in the EONS newsletter.

Deadline:

Submissions are due by midnight on **May 05, 2024**. Winners will be announced on European Cancer Nursing Day, May 18, 2024.
